

Coastal Wellness & Counseling, LLC  
would like to announce the opening of

# The Play Space

**The Play Space** is a thoughtfully curated therapeutic environment where youth are met with warmth and encouragement. Play is a child's natural language for expressing feelings they can't yet put into words. Trained therapists create a safe, supportive space where children feel understood, build coping skills, and work through big emotions and/or painful experiences.

**The Play Space** offers individual, family, and group therapy, Filial Therapy, and parenting. Interventions are individualized, honoring each family's unique needs.

Referrals may contact Kellie @ 907-917-0191 or [www.coastalwellnessak.com/contact](http://www.coastalwellnessak.com/contact)
